### Orders or correspondence

Please use the web pages or attached order form or equivalent when possible. To avoid errors, when telephoning orders, please allow us time to read all the details back to you. If any written confirmation of an order or telephone order by the customer does not expressly and prominently state that it is a confirmation of an existing order the customer shall be responsible for any consequent duplication of the said existing order and shall pay the company a handling charge plus all carriage costs arising from the delivery/return of the goods.

### Title of goods

The title of goods set out in this document remains the property of Nokia until the goods are paid for in full. Responsibility for insurance, however, passes to the buyer upon delivery.

### Returns

We have a full 14-day return and refund clause. No returns after this can be accepted

or will not be credited without prior agreement. Please return the Return Form attached to our original shipment when returning goods.

### Liability

Nokia accepts no liability for any of the products seen in this catalogue. All products are used at own risk.

All goods are supplied by us on the conditions that our liability for any fault or defects in the quality, condition or description of fitness for any purpose is limited in amount to a sum not exceeding the purchase price of the particular goods. No liability shall rest with Nokia for incomplete or non-delivery of goods due to circumstances beyond our control.

Any time or date for delivery mentioned in any quotation, acknowledgement order or elsewhere, is approximate only and not of any contractual effect. Nokia shall not be under any liability in respect of any failure to deliver at any particular date or time.

### Lost or damaged in transit

Any claims for goods dispatched by us and not delivered must be made by telephone or mail/fax within 10 days of the invoicing date, otherwise no liability can be accepted. If goods are received damaged, then they should be signed for as such and we should be advised in writing immediately, preferably to [promoshop@nokia.com](mailto:promoshop@nokia.com).

### Continuity

We reserve the right to alter prices and to withdraw or add products or alter any trading terms or conditions without prior notice.

### Shrinkage

Always make allowance for possible shrinkage. Any materials not offered as pre-shrunk will shrink when laundered, cleaned or to a less extent whilst in use in certain atmospheric conditions. A 5-6 % shrinkage is considered normal for fabrics not claimed to be shrink resistant. Even after pre-shrinking, a fabric may still shrink or stretch up to 3 %.

### Color fastness

Fabrics may fade when exposed to direct sunlight. Detailed washing instructions are included in all our textiles.
